RECIPE

Hello, or pleased to meet you. This is Shimizu Yuki. I'm finally able to bring to you [Recipe]. It's taken a long time. (laugh)

Even so, this is my first Super BeBoy Comics book! How is it? For me, the erotic level of it is high. Lately, I've felt unfettered inside. It was like "Why not?" even while I wondered if it was alright.

I drew the title story "Recipe" thinking to make it a little bit different from anything I'd ever done before. First, the uke, Kou, is cold to everyone and goes through various trying ordeals. The seme is as pretty as the uke but he's the most difficult seme. Then, I tried to make it an erotic story without having to show the main scene (penetration). Did I succeed? Kaiya is, well...To my mind, he's absolutely not even the teensiest, tiniest little bit of a reversible-type personality at all but—not at all but——as Kou continues to grow, he might turn into a reversible in the future. That's what scares me.——

So—this is a work made for entertainment so please enjoy it without bothering to think about anything. Here we go!

I DON'T KNOW WHAT HAPPENED AFTER THAT

As a result of his Uncle Yuujin's immature behaviour, Kou is injured in a tender spot important to men and is then humiliated by the medical care he had to receive from Kaiya. In the face of Kou's embarrassment, Kaiya asks Kou, "Would you like to see my shameful part, too?" before wrapping Kou's hand around his penis and ejaculating in front of Kou. Kou is shocked by this but the following day, Kaiya behaves the same as he always does.

RECIPE FOR [RECIPE]

[Recipe]
For some reason, I received a lot of support for this story (mainly for Kaiya) from the industry (laugh). I'd gathered various materials like books about cafes for research, but the pastries and cooking that were in them were so very delicious looking that there were often times when I was unable to do my work.

[Shinde mo Ii] (Dying Happy)
"Please do an erotic story for (BeBoy) LUV," the person in charge of me -- Iwamoto-san -- said to me so, with that as my goal, I earnestly tried my best for this story. At first, Kakizawa was supposed to be a typical difficult, cool beauty, but by the time I realized it, he'd become an incredibly smutty character without any part to redeem him... (laugh)

[Boku no Suki na Ojisan] (The Uncle I Like)
When Sunohara appeared in [Shinde mo Ii], I thought it was too bad to just end it there for him. When Satoshi showed up in [Recipe], I thought that a boy like this would definitely have a much older sweetheart. What's more, I thought he would be likelier to take an active approach and actually do things so this story came about relatively quickly.

[Boku no Daisuki na Ojisan] (The Uncle I Love) A new story. Children are more positive and proactive because they know no fear.

[Decoration]
A new story. The story's just as the title says. Well, it's not something that can be seen normally so even when he has to change his clothes for gym class, it'll probably be alright. It's just that Kou will feel embarrassed. That's what Kaiya wants. (laugh)
